- MINOR ROADWAY
- EXISTING SIGNALIZED INTERSECTION

FIVE PERCENT LOCATIONS (2008-2012)

- 2012 5% SEGMENTS
- 2011 5% SEGMENTS
- 2010 5% SEGMENTS

WHAT IS A FIVE PERCENT LOCATION?

Five Percent Locations refer to an annual IDOT report as part of the Highway Safety Improvement Program (HSIP) describing highway locations exhibiting the most pressing safety needs. High priority locations are identified and ranked based on the potential for safety improvement (PSI), where those with the highest PSI are generally selected as Five Percent Locations.
